Dear Families,

Construction Update – We can't get a break

It was discovered that the water damage to the interior of the smaller building is more significant than expected. Extensive molds now make it necessary to remove all of the insulation in the ceilings and walls and replace it, along with the ceiling tiles and wall paneling as needed. I've been told that the whole drying out and repair process will take a minimum of three weeks, which as we have learned probably means twice that long. We will be able to set up our classrooms inside the big building before too long, which will be a welcome step along the way.

Staff

Please join me in welcoming Mrs. Sherri Burks as our new teaching assistant. Sherrie is a certified teacher in Texas and has four years of experience teaching Kindergarten, as well as years of experience working with children in other school and camp settings. She is in the process of obtaining her Oregon license and is excited about the opportunity to work in our school and learn the Direct Instruction curriculum.

Progress Reports

Your child brought home a manila envelope today containing progress reports and skill profile sheets for their reading and math programs. Please call your child's teacher if you have concerns or would like an appointment to talk. Email is also a good way to communicate with us, but please realize that we may not be able to reply until the next school day. I do expect staff to answer emails within 48 hours.

2006-2007 Enrollment

If you have a child who will be entering Kindergarten in 2006, he/she will receive first priority in our class. However, you **MUST** submit an enrollment application before March 1 in order to be guaranteed a spot in the class. At this time I do not know of any other openings in our school, as we are at full enrollment. We are taking applications for waiting lists in the other grades. Enrollment is easily done from our website at www.arthuracademy.org.

Sincerely,

Peggy Concillo, Principal
